

We would like to remind you to take a look through your files of photos—both new and older. NALT will be needing 13 photos (12 months and a cover) for our upcoming 2018 Calendar.

Select up to 5 of your favourites that meet the following guidelines:

- Natural areas that NALT is or has been involved with—including the Linley Valley, Harewood Plains, Mount Benson (and views from—special emphasis now, as we move forward to launch a new acquisition campaign), pretty much all the creeks and rivers (and their watersheds) in and around Nanaimo, Martha's Place in Qualicum Bay (now a NALT property), Hamilton Marsh, Moorecroft Park, the Yellowpoint Lodge property, the Parnassian Woods (Van Kerkoerle property in Cassidy, now gifted to NALT), sites on Lasqueti Island, South Winchelsea Island, Gabriola Island and Mudge Island, plus local area parks where NALT has been involved with invasive species removal and habitat projects over the past 21 years.
- Also: close-ups of local flora and fauna that are generally found throughout the Nanaimo region. And, although we generally do not use photos that *feature* people or pets, “fauna” may include outdoor hikers, paddlers or other recreation-lovers. A figure in the background can enhance a scene or setting, or add context to the “story”.
- If you have a great photo of some other site or feature that we missed on this list, send it to us for consideration.
- For photos to be considered for the calendar, they must be shot in *landscape format (wide, not tall) and in a high enough resolution for clarity when they are enlarged to the calendar size of 81/2” x11”* (3+ Megabytes is usually good).
- Please email your photos to paul@nalt.bc.ca or drop off a digital copy at the NALT office by June 25th to meet the calendar deadline.

What's in it for you?

- Photographers whose images are chosen for the calendar will receive 5 free copies of the calendar in which they are used. As you may have noticed, each year we try to select a balance of images and match them with an appropriate calendar month or season; so, if one of your photos is not used the first year that you submit it, don't be discouraged; we keep all un-used submissions on file, and may use yours for a future calendar.
- If the resolution of a photo is not high enough for use in the calendar, we may still use it for one of the popular notecards that are available for sale all year round.
- You receive: a) 5 free calendars every time one of your photos is used in a NALT calendar, and b) recognition of you as the photographer *every time* your photo is used anywhere by NALT.

So, dust off your photo files NOW.

Thanks!

The NALT staff
