

# SUNNY DRY MEADOW MENU

Plant seeds in the fall

Use 300-600 seeds/square metre or 30-60 seeds/square foot

Consider adding native bunch grasses (40-60%)

Consider native shrubs at edges for more diversity

## SUITABLE FORBS

flowering times

Qty			Spring	Summer	Later
	farewell to spring	<i>Clarkia amoena</i>			
	fireweed	<i>Chamaenerion angustifolium</i>			
	monkey-flower, yellow	<i>Erythranthe (Mimulus) guttata</i>			
	sea blush	<i>Plectritis congesta</i>			
	self-heal	<i>Prunella vulgaris</i>
